Subject: Participatory Gram Panchayat Development Plan (GPDP) - October 2 to December 31, 2018

Dear Chief Secretary,

As you are aware Gram Panchayats initiate the process of preparing Gram Panchayat Development Plan (GPDP) for the next Financial Year from 2nd October of the current year. To make this process effective, in partnership with State and Local Governments, and utilizing the funds under the newly approved Rashtriya Gram Swaraj Abhiyan (RGSA) Scheme, we would like this to be a completely participatory process. For doing so, it is important to space out the Gram Sabha meetings between October 2 to December 31, 2018. This will enable mandatory participation and presentation by key functionary of all the 29 transferred subjects under Eleventh Schedule of the Constitution before the Gram Panchayat.

2. As preparatory work we are providing for basic social and economic assessment of every Gram Panchayat as done for Mission Antyodaya Gram Panchayats by State and Local Governments. Using all available information from the Census 2011, Socio Economic Census (SECC) 2011 and databases of all concerned programmes, it is possible to provide a background ranking for every Gram Panchayat in the field of infrastructure, human development and economic activity. Based on these gap assessments, a Gram Panchayat can focus the Gram Sabha meeting on bridging these gaps effectively.

3. I am enclosing a detailed PowerPoint Presentation made on the subject for your suggestions. Copies of this letter are also being sent to concerned Ministries in Government of India for full public disclosure of Gram Panchayat wise of interventions being made. Copies are also marked to Principal Secretaries of Rural Development and Panchayati Raj (RD&PR) Departments, Commissioners of Mahatma Gandhi National Rural Employment Guarantee Scheme (MGNREGS), and Directors of State Rural Livelihood Missions (SRLMs) of all States/UTs. The intention is to involve women Community Resource Persons (CRPs) from Self Help Groups (SHGs) and trained Social Auditors as facilitators for the Gram Sabha meeting. The Ministry of Panchayati Raj shall develop a portal on the lines of the Gram Swaraj Abhiyan (GSA) portal where follow up on the GPDP planning of each and every Gram Panchayat could be done.

4. To promote public information, a Public Information Board is also proposed through State and Local Governments with assured funding from Central Schemes, where full information could be provided to villagers about initiatives. Gram Samvaad is already providing such information for Rural Development Programmes through an App.

5. The timeline for effective roll-out of preparatory work for Gram Panchayat Development Plans (GPDPs) is provided in one of the slides enclosed. It is as follows:-

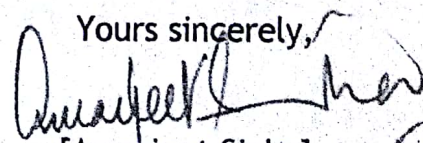

Sl	Timelines	Date
(i)	Letter to Chief Secretaries, Secretaries (PR & RD) of all States/UTs	13 th August 2018

7. I seek your leadership and guidance for effective roll-out of the participatory GPDP process from October 2 to December 31, 2018. This would be one of the finest tributes to Mahatma Gandhi as we enter on October 2, the 150th year celebration of his anniversary.

Subject: Ranking of Gram Panchayats on a scale of 100 on
Infrastructure, Human Development and Economic Activity -
September 2018

Dear Chief Secretary,

As you will recall State Governments purposively selected Gram Panchayats on the basis of social capital and carried out a ranking of these Gram Panchayats on a scale of 100 on Infrastructure, Human Development, and Economic Activity. This was carried out as a part of the Mission Antyodaya Framework for Implementation in about 45,000 Gram Panchayats covering 1.06 lakh Villages in the month of October 2017. This ranking carried out through field functionaries like Community Resource Persons (CRPs) of Livelihood Mission, Gram Rozgar Sewaks of Mahatma Gandhi National Rural Employment Guarantee Scheme (MGNREGS) etc, is available on missionantyodaya.nic.in website. It helped in identifying gaps at Village and Gram Panchayat level and facilitated a systematic thrust on Evidence Based Planning and Implementation.

2. Based on the good use that States have made by ranking Gram Panchayats under Mission Antyodaya, it is suggested that a similar ranking of all remaining Gram Panchayats be undertaken in the month of September 2018 as preparatory activity for the People's Plan Campaign (Sabki Yojana Sabka Vikas) of making Evidence Based Gram Panchayat Development Plans (GPDs). Field formations in all the States have already done this in nearly one-fifth of the Gram Panchayats of the States, and survey formats, apps etc are already developed for its implementation. This will greatly facilitate clear identification of gaps Gram Panchayat wise to enable need based interventions for effective action. Since the vision of New India 2022 is also of a poverty free India, it is important to develop objective criteria for identification of gaps that contribute to the persistence of poverty.

3. The formats for survey etc are already in place. The administrative cost for carrying out the survey was to be charged from the administrative costs of Mahatma Gandhi National Rural Employment Guarantee Act (MGNREGA) and Deendayal Antyodaya Yojana-National Rural Livelihoods Mission (DAY-NRLM), depending on which frontline team carried out the ranking of Gram Panchayats in identified Blocks. The Guidelines for the Baseline Survey and the Questionnaire are at Annex-I and Annex-II respectively.

4. I would be grateful to you for nominating a State Nodal Officer for Baseline Survey of all the remaining Gram Panchayats in your State and for sharing his contact details with this Department at nitech-ma@gov.in.

Yours sincerely,
